Brand New Book ***** Print on Demand *****.A nation s economy cannot be sustained when nearly one-third of its population has been wiped out. This is basic macroeconomics. This is what we have done through abortion in America. In the 1980 s, President Reagan outlined a workable plan for legally abolishing abortion; this plan has yet to be followed. In a call to vision rather than reaction, ABOLITION charts a new course for the church in America to, as Charles Finney stated, take right ground [in Politics], informed by God s heart instead of leaning on the partisan understandings of mere men.
