

The Seeds of Life

By John Taine, Eric Temple Bell Ph D

Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. A superb tale that every lover of science fiction will want to have around. Completely off-trail science fiction-and highly recommended therefore. -Galaxy Science Fiction This amazingly prophetic 1931 novel, which some say inspired Flowers for Algernon (on which the film Charlie was based), is easily the best novel Hugo Gernsback ever published in Amazing Stories. It features characters so mature their like would not be seen again until the post-war sf of the 1950s, and a theme that, in its rise and fall, prefigures that of Flowers for Algernon and carries it to a level of operatic tragedy not to be equaled until Bester's The Demolished Man. Seeds of Life, in short, is the story of Neils Bork, an alcoholic and failure raised to supernal heights of scientific genius and altruism by a scientific accident. And it is the story of what became of his golden dream of free, limitless energy for all, and of the marriage he thought would be crowned with glorious offspring. In the unbelievably short period of six years,...

Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.
