Brand New Book ***** Print on Demand *****.This publication, Army Techniques Publication ATP 6-02.75 Techniques for Communications Security (COMSEC) Operations August 2015, provides guidance on the management, employment, handling, and storage of communications security materials. It outlines roles and responsibilities for all members of the Army Profession providing communications security planning, management, and accounting services in support of movement and maneuver, intelligence, fires, sustainment, mission command, protection, and the Army's portion of Department of Defense information networks (DODIN) capabilities.
